Photography & Videography Policy

BOM Approve 13 April, 2016

Introduction

This policy is intended to regulate use of cameras - still and video - at school events by parents, and their subsequent dissemination.

Policy

Parents may take photos and record videos on the following conditions:

- 1) Any recording is for private use i.e family and friends, only, and not for the general public
- 2) The focus of the recording is on the child of the parent recording; other children are incidental
- 3) Occasionally, there will be a need to specifically exclude a particular child from a recording; the Class Teacher will inform you if this is the case.
- 4) All recording will be unobtrusive, and from behind the audience seating area
